

iPad Purchase / Information Form 2016/2017

Please note that the iPad is a **Teaching and Learning** device for school use for the individual student; any previous profiles / data will be deleted at the deployment workshop to set the iPad up in the student's name and with the appropriate settings and restrictions subject to our Coláiste Bhríde iPad Acceptable Usage Policy (available at deployment workshop June 2016)

Please Note: If student already has an iPad, it will need to be one of the following models:

- iPad 4th Generation
- iPad Air
- iPad Air 2

Students who already have an iPad will also need to visit the online store to pay for:

- Mobile Device Management (€36.00) covers 3 years
- Deployment (€25.00)

If a student needs to purchase an iPad, we advise you go to the Wriggle Online Store.

Store school link for Coláiste Bhríde: <https://store.wriggle.ie/colaiste-bhríde-carnew>

Store Opening Date: Monday 4th April, 2016

Store Closing Date: Friday 13th May, 2016

***Please note that there will be an increased deployment fee of €50.00 on any order placed after the store closing date**

*Deployment Workshop	€25 (compulsory)	
Insurance	All iPads must be covered by insurance; the school takes no responsibility for the insurance of student iPads. Insurance can also be arranged privately through house insurance or other companies / brokers.	
Wriggle	www.wriggle.ie/insurance	From €64.99 per year

***Deployment Dates for workshops Monday 20th and Tuesday 21st June 2016**

These dates will be communicated via Primary Schools

Student must be accompanied by a parent at the deployment workshop.

Digital Learning Programme

Innovation in Teaching and Learning

***Deployment and Induction Workshop** a structured workshop for students and parent/s prior to the commencement of the school year. Teaches students how iPad works, activates email accounts, set up App Store and download App booklist, download ebooks and learn about acceptable usage and configuration of backups.

****Mobile Device Management** refers to remote configuration and updating of iPads for school accounts, setting appropriate age restrictions on certain content, including apps, podcasts, music, purchases and rentals of TV shows, movies from iTunes Store, swap of defective devices to reduce repair turnaround time
